

Penix tears ACL, out for season

For the third straight year, IU quarterback Michael Penix Jr. suffered a season-ending injury. On a scramble later in the third quarter against Maryland, Penix tumbled out of bounds and needed help off the field. A redshirt sophomore, Penix was having a breakout season after two seasons shortened by injury. Redshirt sophomore Jack Tuttle will replace Penix, who was leading the Big Ten in pass yards with 1,645.
