

## Monopolizing Mouse

Walt Disney Company is one of the biggest and well known companies around the world and in the same way the Disney Company also dominates the theme park industry. Out of all of the hundreds of theme parks in the world, the top 10 visited theme parks come from the United States, Japan and China. In 2019, 8 of those top 10 visited theme parks in the world were owned by Disney. Disney parks account for approx. 40% of the Disney Company's revenue, but this has seen a decrease in 2020 due to the pandemic and closer of the parks.
